

Budgeting Challenge

Complete all four missions to earn a Budgeting Champion badge

MoneySense
Making sense of money

LET'S GET GOING!!

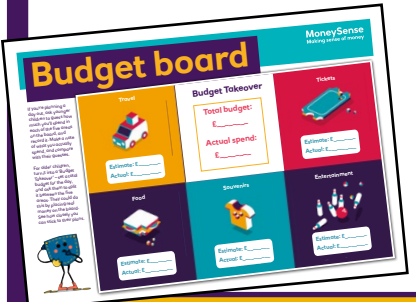

It's time to put your budgeting skills to good use! Play **The Budget Game** to see how well you would manage your money over three whole months.

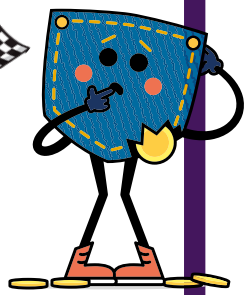

You're nearly there! Complete the **Creating a budget** interactive activity and you'll have mastered the basics of budgeting. Good job!

Ready to take over your family budget for a day out? Use this **Budget board** to work out how much the whole day will cost.

Could you save money by taking a packed lunch? Visit an online supermarket with an adult and create a basket of all the items you'd need for a picnic. Note the cost here and compare it to what you'd spend on lunch out. €
